📍 Ottawa, Ontario

I'm **Sunit Joseph**, an ad guy who designs brands, experiences, code & motion.

With strong skills in design thinking & creative problem-solving developed in advertising, I've honed the ability to guide projects from concept to execution. Through my education, I've cultivated a strong user-centered approach and project management skills, which I'm excited to bring to real-world projects.

Skills

- Art Direction & Creative Strategy
- Project Management & Leadership
